

# NEW All-Weather SJEOW Extension Cords

Bergen's heavy duty, all-weather SJEOW cord is manufactured to withstand general and outdoor use. The TPE thermoplastic elastomer insulated and jacketed cord is resistant to oil, moisture, chemicals, abrasion, dust, dirt, and prolonged sun exposure. It also remains flexible and tangle-free under all weather conditions and won't become stiff or crack in cold weather, making it very suitable for rugged use outdoors. It is rated for temperatures from -58° F to +221° F; perfect for a variety of garage, shop, farm, or ranch applications. The 12/3 AWG cable reduces voltage drop and features a 3-pronged plug. It is rated for up to 300V and is ETL approved.

## BENEFITS:

**OIL RESISTANT:** Thick vinyl jacket protects it from moisture, chemicals, abrasion, dust, dirt and prolonged sun exposure, making it very suitable for rugged use outdoors

**VERSATILE USE:** Powers a variety of farm and ranch tools such as saws or compressors

**FLEXIBLE, ALL-WEATHER EXTENSION CORD:** Remains flexible and tangle-free under all weather conditions and wouldn't become stiff or crack in cold weather

**DURABLE:** 12-gauge, 3-pronged extension cord - TPE thermoplastic elastomer insulated and jacketed

**POWERFUL:** Rated for 300 volts

**AMPS: 15A**

AMPERIOS: 15A INTENSITÉ: 15A
